Phylum

Amphibians

Select the correct term for the following definition:

"A group of similar genera (genuses)."

- | | |
|---------------------|----------------------|
| Family ¹ | Species ² |
| Order ³ | Kingdom ⁴ |

Select the correct term for the following definition:

"An animal phylum containing jellyfish, sea anemones and other creatures with stinging tentacles."

- | | |
|-------------------------|-------------------------|
| Cnidarians ¹ | Crossbreed ² |
| Sterile ³ | Nematodes ⁴ |

Select the correct term for the following definition:

"A group of similar phyla/divisions."

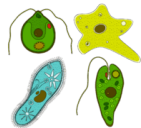

- | | |
|----------------------|---------------------|
| Kingdom ¹ | Family ² |
| Species ³ | Genus ⁴ |

Select the correct term for the following definition:

"Made up of more than one cell."

- | | |
|----------------------------|------------------------|
| Breed true ¹ | Order ² |
| Multicellular ³ | Universal ⁴ |

Select the correct term for the following definition:

"A group of mammals that raise their offspring in a pouch; includes many of Australia's iconic animals."

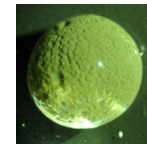

- | | |
|-------------------------|--------------------------|
| Phylum ¹ | Conventions ² |
| Marsupials ³ | Hybrid ⁴ |

Select the correct term for the following definition:

"Unicellular organisms with a membrane-bound nucleus; one of the six kingdoms of life."

- | | |
|------------------------|-----------------------|
| Class ¹ | Sterile ² |
| Anaerobic ³ | Protista ⁴ |

Select the correct term for the following definition:

"The science of classifying and naming living things."

Taxonomy ¹

Order ²

Anaerobic ³

Cytoplasmic streaming ⁴

Select the correct term for the following definition:

"A group of vertebrates with feathers covering their body; also known as birds."

Fertile ¹

Aves ²

Kingdom ³

Hybrid ⁴

Select the correct term for the following definition:

"A group of vertebrates with scaly skin that lay eggs with hard shells; includes lizards, snakes and crocodiles."

Anaerobic ¹

Breed ²

Taxonomy ³

Reptiles ⁴

Select the correct term for the following definition:

"The result of two different species interbreeding."

Kingdom ¹

Universal ²

Multicellular ³

Hybrid ⁴

Select the correct term for the following definition:

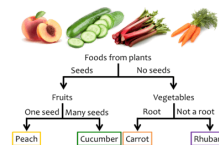

"A key that allows organisms to be identified through a series of questions, each having two choices."

Bipedal ¹

Dichotomous key ²

Binomial nomenclature ³

Sterile ⁴

Select the correct term for the following definition:

"Able to produce offspring."

Hybrid ¹

Species ²

Fertile ³

Genus ⁴

Anaerobic

Question Answer

Select the correct term for the following definition:

"Means 'without oxygen'."
