## collapse

element

energy

expand

explode

force

gravity

nuclei

Use this box to briefly plan your answer. What points do you need to remember to make?

Remember to **explain** what is happening in each stage and what causes the star to move to the next stage.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins or other markings on the paper.
