The plates here **move together**.

Which Plate Boundary - Answers

Catherine lives in **San Francisco, United States**, which is on a **conservative** plate boundary.

I know this because **there are lots of earthquakes but there are no volcanoes**.

Ruby lives in **Iceland** which is on a **divergent** plate boundary.

I know this because **they have earthquakes and volcanoes and the island of Iceland was formed from action at a divergent plate boundary**.

Fernando lives in **Acquilla, Italy**, which is on a **convergent** plate boundary.

I know this because **they have earthquakes and very explosive volcanoes, causing lots of damage**.
